

LION MOULDINGS
MADE *to* ORDER

LION MOULDINGS MADE *to* ORDER

Welcome to our collection of distinctive and design-led mouldings - all made to order - giving you the widest choice for your art editions and interiors contracts.

Choose from mouldings in lengths, custom print mouldings and swept corner frames, all made by tried and trusted manufacturers in Italy and Spain.

We don't hold stock of these mouldings - when you order, they'll be made especially for you then shipped with one of our regular deliveries. They'll be quality checked when they arrive here then sent straight out to you.

Please talk to us about your requirements in terms of lead times and order volumes. As a guide, the minimum order will be 30-50m, depending on the profile, and the lead time will be 4-6 weeks from confirmation of order.

These mouldings are hand made by skilled artisans, so expect a small degree of variation between photos, samples and batches.

Come and see the range and talk to us at our showroom in Birmingham.

INSIDE YOU'LL FIND

CUSTOM PRINT

Mouldings printed with your design – there are no limits!

- » We work with you to create artwork for the printed design, which could include elements of your client's branding or a motif from the artwork.
- » Gloss and/or matt varnish is printed onto a painted base timber.
- » Choice of two profiles.
- » MOQ: 100m per design.
- » 6 week lead time.

HOW IT WORKS

1
Send us your ideas. They can be as detailed or as simple as you like - just like this scrap of wallpaper.

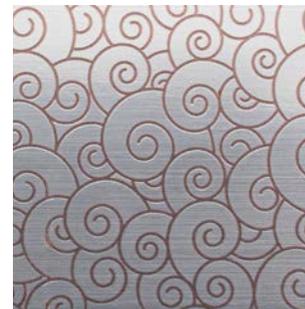

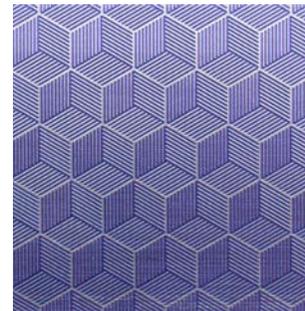

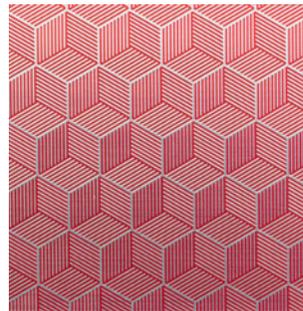

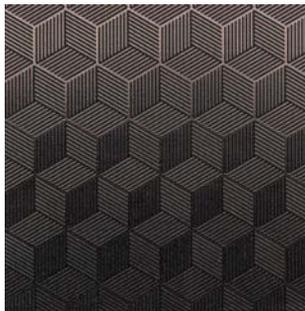

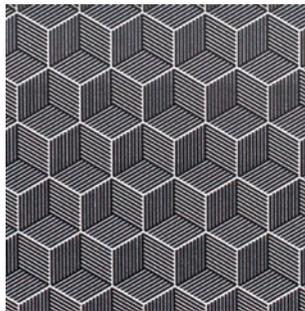

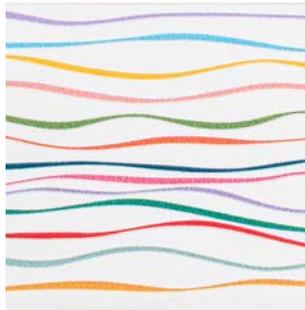

2
We'll work with you on the design and create the artwork to the necessary specifications.

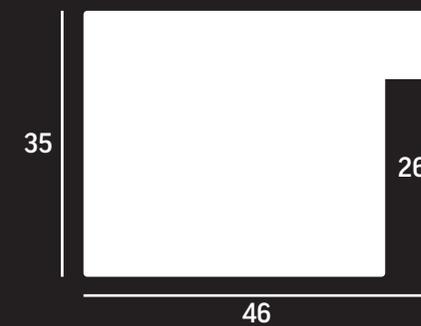

3
Once you're happy with the design, we'll liaise with the supplier to bring your ideas to life.
